Subject: Stryker Stair Chair Purchase

EMSA is requesting approval to purchase of purchase of thirty-eight (38) Stryker Stair Chairs for the Eastern Division at a cost of $234,215.66 and sixty-six (66) Stair Chairs for the Western Division at a cost of $406,795.62, for a total purchase amount of $641,011.28. Stair chairs are specialized patient transport devices used by EMS personnel to safely move patients up and down stairs, through narrow hallways, and in other confined spaces where a traditional ambulance stretcher cannot be utilized. Patients are secured in a seated position while EMS personnel guide and transport them during movement. The purchase will replace aging equipment currently in service.

This purchase is included in the FY2027 Capital Budget.

EMSA Purchasing Policy A3 Section 10 allows for blanket or contract purchase agreements. EMSA has a blanket purchase agreement with Stryker that includes the purchase of medical equipment. Although there is a purchase agreement in place, Section 5, part C of the EMSA Purchasing Policy requires that all purchases exceeding $100,000 must be approved by the EMSA Board of Trustees.
